POLY-RIB

POLY- RIB BELTS

EPDM

New generation of **ribbed belts**:

- Large power ratings
- High efficiency and extended service life
- Reduced drive costs
- In Accordance with ISO 9982

HIGH PERFORMANCE

- **Improved polyester** cord provides stability, equal tension and low elongation

- **Fiber loaded EPDM** compound provides high abrasion resistance and reduced vibration

- **Reinforced top surface** ensures greater work stability

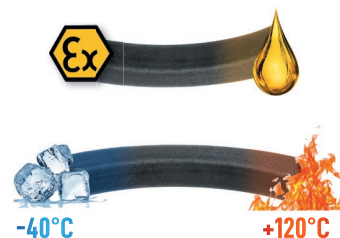

Longer life = **Lower costs**

MAINTENANCE FREE

- Longer service life thanks to the use of **EPDM fibers**
- Reduced maintenance costs
- Antistatic

- Long service life in hard environments
- **ATEX** compliance
- **RoHS** compliance

Easy maintenance = **Lower costs**

EPDM
 EPDM
 EPDM

EFFECTIVITY

- Noise reduction
- High efficiency
- Can be used with back bend idlers
- Suitable for serpentine drives

Smaller drive = **Lower costs**

PROFILE CHARACTERISTIC
